ATOMS PRO®

Garage Door Openers

"Opening the garage of tomorrow."

INNOVATIONS!

The revolutionary and innovative design provides
quiet, reliable and efficient performance.
Experience it with AtomsPro™ Garage Door Opener.

Rectangular Tube Rail

COMPLETELY WIRELESS

AtomsPro™ Brings Innovation to the Next Level!
Now the first garage door opener with a complete
wireless installation.

• Wireless Wall Console

• Wireless Safety Sensors

TAMPER PROOF TROLLEY

ATOMS PRO®

The Revolutionary Patent-Pending Tamper-Proof Trolley Design provides Peace of Mind and Added Security to Prevent Forceable Entry.

CONNECTIVITY

Have peace of mind with the Orbit® App. Control your garage door from anywhere using your smartphone. Check status of your door, open and close your door, and receives push notification alerts.

Wi-Fi ADAPTOR

Upgrade the AtomsPro™ to a smart garage door opener with the Wi-Fi adaptor. Simply plug in the adaptor and be able to control and monitor your garage door with your mobile device.

Orbit

Compatible with In-Car Remote

Easily programmable to in-car remotes for additional convenience.

Flexible Drive System

· Same Head Unit can be used for either Durable Chain Drive or Extremely Quiet Steel-Reinforced Belt Drive.
· Rails available in 7', 8' or 10' lengths.

Passcode Remote Control

Create optional 3-8 digits passcode for additional security.

Energy Efficient Built-in Bright LED Light

· Long life built-in LED Light (12Watt).
· Never have to replace a light bulb again.
· Low power consumption to save energy.

Numeric Display

· Guides you through all steps during programming. No more guesswork.
· Displays diagnostic information for fast troubleshooting.

Backup Battery System

· Externally Mounted Backup Battery (optional) compatible with all AtomsPro™ openers.
· Can be added during initial installation or any time after installation.
· Built-in LED provides lighting during power outages.

ACCESSORIES

Wi-Fi Adaptor - *WF-001*

The Wi-Fi Adaptor garage door controller transforms the AtomsPro™ opener into a smart opener through our "Orbit" App. It enables you to monitor and control the garage door remotely from anywhere using your Smartphone.

Backup Battery - *BA-100*

- Delivers efficient power to the openers when a power failure occurs.
- No additional outlet is needed.
- Full protection: Discharge, overcharge and overload protection.
- Built-in LED provides lighting during power outages.

Remote Control - *MM-318*

- Easy to program.
- Passcode protection.
- Compact-size 3-button transmitter can operate up to three garage doors.
- Control lighting with PG-318/LG-318.
- 3V Lithium battery included.
- Available with 1, 2, 3 and 5 buttons.

Screw-in Dimmer - *LG-318*

- Works with AtomsPro™ remote controls to turn lights on/off.
- Easy Installation.
- Operates up to 60W light bulb (works with all CFL/LED/Tungsten lights).

Plug-In ON/OFF Control - *PG-318*

- Add remote capabilities to plug-in lighting and appliances.
- Work with AtomsPro™ 3-Button remote controls to turn lights on/off.
- Easy Installation.

Keyless Entry System - *KN-318*

- Wireless system provides entry without remote or keys.
- Compatible with all AtomsPro™ Garage Door Openers.
- Works with up to 4 AtomsPro™ door openers.
